HANAA MOHAMED AHMED MORSI

FRONT-END DEVELOPER

Phone: +20 10 50664964 | Email: haz94948@gmail.com | Ashmoun, Menoufia, Egypt

PROFESSIONAL SUMMARY

Front-End Developer with a Bachelor's degree in Management Information Systems (MIS) from the Faculty of Commerce, Mansoura University, and professional Front-End Development training from Route IT Training Center. Hands-on experience building responsive interfaces, interactive web applications, CRUD systems, API-driven projects, and business websites. Strong knowledge of HTML5, CSS3, JavaScript, React.js, Next.js, Bootstrap, responsive design, and modern UI/UX practices. Eager to join a development team, contribute to real-world products, and continue growing as a Front-End Developer.

TECHNICAL SKILLS

- HTML5, CSS3, JavaScript (ES6+)
- React.js, Next.js, Bootstrap, jQuery
- Responsive Web Design & Mobile-First Development
- REST APIs, AJAX, JSON, Fetch
- DOM & BOM, Events, Form Validation
- CRUD, Local Storage, Client-Side Data Handling
- React Components, Hooks & State Management
- UI/UX Principles & Web Accessibility
- Git & GitHub fundamentals

SELECTED PROJECTS

- **Abu Salim Automotive Service Center Website** — Designed and developed a responsive service-center website to present automotive services, products, and contact information with a clear, mobile-friendly interface and professional visual identity.
- **E-Commerce Product Catalog** — Built a responsive product catalog interface with category filtering, product cards, search, and a structured shopping-oriented user experience using modern front-end techniques.
- **CRUD Product Management Dashboard** — Developed a dashboard for creating, editing, deleting, and searching product records with client-side validation and Local Storage persistence.
- **Movie Discovery Web App** — Created a dynamic movie browsing interface using API integration, search, filtering, loading states, and responsive movie cards.
- **Recipe Finder Web App** — Built an interactive recipe application that retrieves data from an API and presents recipes, ingredients, categories, and search results in a responsive layout.
- **News Portal** — Developed a responsive news interface with API-driven content, category navigation, article cards, and reusable UI components.
- **React Task Management App** — Created a component-based task manager using React with state handling, reusable components, form interactions, and task status management.
- **Weather Dashboard** — Built a responsive weather dashboard concept with location-based search, weather cards, and API-ready data presentation.
- **Personal Portfolio Website** — Designed a developer portfolio structure featuring an introduction, technical skills, selected projects, contact section, and responsive navigation.
- **Responsive Landing Pages** — Created multiple responsive landing-page layouts for business and service concepts, focusing on typography, spacing, visual hierarchy, and mobile-first behavior.

EDUCATION

Management Information Systems (MIS)
Faculty of Commerce, Mansoura University | Graduation Year: 2024

CERTIFICATIONS

- **Front-End Development Diploma** — Route IT Training Center | Completed February 2024
- **ICDL — International Computer Driving License**

CORE STRENGTHS

Problem Solving • Critical Thinking • Time Management • Teamwork • Adaptability • Communication • Continuous Learning
